**RETIREMENT SYSTEM RECEIVES NATIONAL RECOGNITION**

Fort Lauderdale, FL – The Fort Lauderdale Police and Firefighters' Retirement System received the Public Pension Coordinating Council's award for plan funding of its retirement system. The award is in recognition of meeting professional standards for retirement plan funding and administration as set forth in the Public Pension Standards.

The Public Pension Standards are intended to reflect minimum expectations for public retirement system management and administration, as well as serve as a benchmark by which all defined benefit public plans should be measured. The retirement systems and the state and local governments that sponsor them are encouraged to meet these standards.

The 2012 recognition award was presented by the Public Pension Coordinating Council, a confederation of the National Association of State Retirement Administrators (NASRA), National Conference on Public Employee Retirement Systems (NCPERS), and National Council on Teacher Retirement (NCTR).

"This is the third year the Police and Firefighters' Retirement System received the award. Across the country, approximately 200 systems received this recognition out of over 2,500 public pension plans nationwide," stated Michael Dew, Chairman of the Police and Firefighters' Retirement Board. "We are proud of our accomplishments and committed to continuing our record of excellence."
